### PROFILE

International Development Expertise developed through nearly three decades of post Ph.D. experience in more than 60 countries, while remaining at the cutting edge of development knowledge through publications and visiting professorships.

### SKILLS SUMMARY

- Extensive experience in evaluation of International Development Programs.
- Agriculture sector expertise in socio-economic assessments, evaluation and planning
- Livelihoods Assessments in Conflict Affected Situations and Integrated Peace Building
- Proven track record of Small States expertise: including but not limited to institution building, sustainable development, and regional programming. Field experience in the Caribbean, South Pacific, Mauritius, Malta, and East Timor.
- Designs, implements, monitors, and evaluates wide range of international development projects (such as, but not limited to: IISD, UNDP, FAO, CIDA, FCM, and IDRC).
- Specialized knowledge in areas of Evaluation, Sustainable Livelihoods, Resilience Building in Crisis situations, Local Economic Development, Legal Empowerment of the Poor, Poverty, Environment, and Governance (in both policy and programming).
- Solid understanding of inclusivity and equity, including gender equality.
- Results-oriented (strong in RBM, etc.); uniquely able to maintain and boost momentum for projects under especially challenging conditions.
- Highly and diversely skilled in strategic planning; effectively implements participatory bottom-up planning.

- Proven leader and manager with excellent communication and inter-personal capacity.
- Well-honed diplomatic skills, ability to be tactful in sensitive situations.

## PROFESSIONAL EXPERIENCE

- Developed win-win policy options for poverty reduction and environmental conservation for Ukraine.

### *International Development Research Centre (IDRC)* 1998

- Evaluation of the Social Policy Reform Program of the IDRC, Ottawa, Canada

### *University of the West Indies (UWI), Jamaica* 1992 Consortium Graduate School of Social Sciences

- Develop and teach post graduate course in sustainable development economics

### *International Centre for Oceans Development (ICOD) and LGL* 1990 Canada

- For Government of Mauritius - Develop plan for control of land-based sources of marine pollution and train technicians to monitor water quality

*Pan-American Health Organization (PAHO)*

1988 to 1989

- Government of Guyana –Feasibility study to set-up Pesticide Analytical Facility (1989); following pesticide residues in vegetables detected by USDA.
- Prepared National Environmental Policy and Action Plan (draft) for Guyana (1988), including sector plans: agriculture, coastal zone planning, industrial development etc.

## **EMPLOYMENT RECORD**

*Federation of Canadian Municipalities (FCM)*

February 2012 to April 2013

- Director, Caribbean Local Economic Development Program, (CARILED)
- Led a CAN\$23 Million project implemented by the FCM funded by the Canadian International Development Agency (CIDA) for CARICOM countries. The goal: strengthening local government to support local economic development including through agriculture and development of micro, small, and medium sized enterprises to create jobs.

*Canadian International Development Agency (CIDA)*

August 2008 to January 2012

- Director General, Strategic Planning and Operations
- Acting Vice President, Canadian Partnership Branch

Leadership and management of the Branch. Design and use of strategic planning tools, guidelines, evaluation strategy, results measurement, human resources and budget planning and management. Data and information management. (Branch budget: C\$250 million)

- Director-General, Governance and Social Development Policy Branch (March 2002 to March 2006)

Responsibilities include leadership and management of a group of 45 highly qualified professional civil servants of the federal government, who were responsible for Canada's international development policy in the areas of governance (human rights, democratic institutions, public sector reform, decentralisation,) and social development.

*United Nations Development Programme (UNDP)*

March 2006 to August 2008

- Executive Director, Commission on Legal Empowerment of the Poor

Worked directly with co-chairs Madeleine Albright and Hernando de Soto to establish and lead the secretariat of the commission, and its 5 expert working groups. Also conducted

national consultations around the world. The work of the Commission resulted in a ground breaking report entitled: "Making the Law Work for Everyone"

*UNDP*

May 1996 to July 2001

- Principal Technical Adviser, Poverty and Sustainable Livelihoods Bureau for Development Policy, UNDP, New York
- Senior Adviser, Poverty & Sustainable Livelihoods, Bureau for Development Policy, UNDP, New York

Introduced the concepts and generic methodologies associated with promoting Sustainable Livelihoods (SL) in different contexts in over twenty countries and assisted with program formulation and capacity building for SL program implementation. Also helped bilateral, multilateral and UN specialized agencies interpret and use of SL concept, principles and practices.

*International Institute for Sustainable Development (IISD)*

1993 to 1998

- Programme Director, Poverty and Empowerment, then Community Adaptation and Sustainable Livelihoods Programs (IISD) (1993 to 1996)
- Senior Fellow, Community Adaptation & Sustainable Livelihoods (CASL), International Institute for Sustainable Development (IISD) Winnipeg. (1996 to 1998)

Team leader for pioneering work that led to the first operational strategy linking policy, technology and local adaptive strategies to program design for promoting sustainable livelihoods among people living in poverty.

*Caribbean Environmental Health Institute (CEHI)*

1990 to 1993

- Executive Director, Caribbean Environmental Health Institute (CEHI), St. Lucia (for 15 CARICOM member states)

Leadership, management and institutional development of CEHI. Provided policy advice to Government Ministers and senior decision makers.

*CEHI*

1986 to 1990

- Senior Scientist, Caribbean Environmental Health Institute, St. Lucia

Took lead role in making the CEHI into fully functional institution from a project concept, and in the process moved from the position of Senior Scientist to the First Executive Director of the Institute. Provided scientific, technical, and policy advice on environment and development to senior policy makers including Government Ministers. Led staff teams and regional networks in program design and implementation, data and information collection, analysis, and dissemination. Lead technical adviser on climate negotiations on behalf of small states.

*Scientific Research Council (SRC) (Jamaica)*

1985 to 1986

- Head, Industrial and Analytical Services Division Scientific Research Council (SRC) – Jamaica

Leadership and Management of Division which acted as a publicly funded research and development division for small, medium and micro-enterprise development in the private sector in Jamaica.

## **ACADEMIC EXPERIENCE**

Adviser and Complexity Evaluator for Integrated Peace Building Program. St. Paul's University. Ottawa. Canada.	Sept 2016-present.
Visiting Senior Fellow, Institute of International Relations, University of the West Indies, St. Augustine, Trinidad.	Sept 2015 -present
